

# **HSN Explained**

## **Health Safety Net Videos**

*Community Partners and the Division of Health Care Finance and Policy collaborated to make a series of videos explaining the Health Safety Net (HSN).*

### **Can Commonwealth Care patients get HSN?**

For patients covered by a Commonwealth Care plan that does not include dental insurance, the Health Safety Net will pay for eligible dental services they receive at a hospital or community health center.

Commonwealth Care plans for patients over 100% of the federal poverty level do not include dental insurance, so these patients may use the Health Safety Net for their dental services.

Also, individuals with Commonwealth Care who have family incomes over 200% of the federal poverty level will have to incur a deductible before the Health Safety Net will pay for their eligible dental services.
